

Planning Weekend

The planning weekend will be from the evening of Friday 11th of July to early afternoon on Sunday 13^h July. Please make every effort to attend this, it's the best time to get to know each other and plan the camp.

Getting to LiveWires

The holiday is held at Chafyn Grove School on the edge of Salisbury. We have the site from 1PM on Saturday 9th August. If you're coming by car, the full address for your sat nav is: Chafyn Grove School, 33 Bourne Ave, Salisbury SP1 1LR.

Alternatively we can arrange lifts from Salisbury train station (SAL) or Millstream Coach Park. Please let us know if you need picking up.

Leaving LiveWires

Departure is mid-afternoon on Sunday 18th August. We have to tidy and clear the site, so please make every effort to stick around and help out with this. Again we can get you to the train or coach station if you need.

Insurance

We take every care and are fully insured against any accident for which Scripture Union might be held legally responsible. Any equipment used for the running of the camp (i.e. not for personal use) can be insured by SU if it's not already covered by your home insurance. See the kit list on the wiki for more information - https://team.livewires.org.uk/wiki/kitlist2025

If you feel that they would like extra insurance against any accident that occurs through no fault of Scripture Union, and also against loss of luggage, please make your own arrangements.

Food

If you've got strong preferences, have recently become a vegan, or have any other dietary requirements that haven't been put on the application form for whatever reason, please let Eliza or a co-leader know.

Nuts: We will have a few people on site who have severe allergies to nuts, so we would please request that **no nuts** or items containing nuts are brought to the site.

Kit

Any kit that you're bringing to the site *must* be labelled if you'd like to ensure you can take it home with you. There's a lot of people's gear floating around site during the week, and while we are diligent at returning gear, if we don't know whose it is, that process is a lot harder when we're all tired at the end of the week.
